

nanoSTAR Spring Symposium May 21–22, 2013

Presenting *Dr. Andre Nel*

Eminent Speaker Address

*Professor of Medicine, Pediatrics & Public Health, UCLA—
“Nanomaterial Safety Assessment: Taking a 21st Century Approach that
Includes Prediction Making Tools, Safer Design and Sustainability”*

Newcomb Hall Ballroom, Tuesday, May 21, 2013 5:30-6:30pm

**Reception immediately following in the Newcomb
Hall Main Lounge**

The 2013 nanoSTAR Spring Symposium

nanoSTAR's Spring Symposium is an opportunity for students and faculty conducting nanoscale science and engineering research at UVa to present their latest findings and discuss new avenues of research. This year's speaker in our Eminent Scientist series is Dr. Andre Nel from UCLA, who will share his thoughts on nanomaterial safety assessment. The Symposium also features a plenary speaker, Dr. Lisa Friedersdorf from the NNCO, student posters, and three scientific sessions highlighting UVa research in biomedicine, electronics, and energy & the environment. We are pleased to have a distinguished keynote speaker to introduce each session. These speakers will share their vision for future research directions in nanoscale science and technology, and give us their thoughts on how research and innovation in these areas can be brought to bear on some of the challenges facing society.

Please visit the following links for the complete schedule for [Tues. May 21](#) and [Wed. May 22](#).

- ◆ **Plenary Speaker-Dr. Lisa Friedersdorf:** Program Manager
National Nanotechnology Coordination Office (NNCO), Arlington, VA
Wednesday, May 22nd 9:15-10:00am

Keynote Speakers by Session

- ◆ **Biomedicine-Dr. Denis Buxton:** Director, Basic & Early Translational Research Program, National Heart, Lung, and Blood Institute (NHLBI), Bethesda, MD
Tuesday, May 21st 1:30-2:00pm
- ◆ **Electronics-Dr. Sam Bader:** Chief Scientist, Argonne National Laboratory, Argonne, IL
Wednesday, March 22nd 10:00-10:30am
- ◆ **Energy & the Environment-Dr. Martin Keller:** Energy and Environmental Sciences Directorate, Oak Ridge National Lab, Oak Ridge, TN
Wednesday, March 22nd 1:00-1:30pm

May 21, 2013
Newcomb Hall
Ballroom
1:00 to 8:00 pm

May 22, 2013
Newcomb Hall
Ballroom
8:30am-4:00 pm
